

Modern Slavery Statement

Intsol Recruitment Limited (Integrated Solutions) is a Recruitment Agency specialising in Driving and Logistics. Integrated Solutions recognise that some employment sectors will be more susceptible to human trafficking and slavery than others will. However, Integrated Solutions is committed to ethical high standards throughout our whole recruitment process and believe that in conjunction with the rigorous policies implemented by us and our clients, we can drive out any aspects of human trafficking and slavery from our clients supply chains and ours.

Integrated Solutions is committed to educating its employees regarding the types of factors that can indicate that a temporary worker may be subject to unscrupulous activities and encourages both employees and temporary workers to report any suspicious activity to the Modern Slavery Helpline.

Integrated Solutions regularly audits its workforce against legislative compliance. Through face-to-face interviews, our team must verify the identity of each temporary worker and confirm the workers right to work in the UK before employment commences.

Integrated Solutions Directors believe that eradicating slavery in any form from all its supply chains is fundamental to the aims of Integrated Solutions, and have therefore approved this statement and the modern slavery policy. This statement will be reviewed annually.
